Explore with Columbus

New Flagship Of The CMV Fleet

2017 heralds another exciting year for Cruise & Maritime Voyages with the addition of the impressive **Columbus** to our expanding fleet of four traditional cruises liners. **Columbus** will debut in June 2017 lining up alongside Astor, Magellan, Marco Polo, Astoria, and will become CMV's new flagship.

Columbus will carry about 1,400 guests and is a small to mid-sized cruise liner by today's standard. Refitted in August 2015 with further upgrading due in April 2017, she will be truly impressive. **Columbus** is well suited to those who prefer smaller ship benefits and a more traditional experience.

Columbus has 775 passenger cabins including 75% ocean view cabins, 64 deluxe balcony cabins. 150 cabins will be allocated for single travellers giving a capacity of about 1400 passengers. Given the ship's size, this provides for a very generous, spacious and relaxing feel with an impressive space ratio. With her spacious lounge areas, comfortable accommodation and wide range of facilities, **Columbus** is the ideal ship for such an adventure. For most of this voyage, you will be able to enjoy the warm tropical weather and therefore make full use of the expansive deck areas, swimming pools and whirlpools. The friendly, attentive crew will ensure you receive a high level of personal service throughout.

Commencing January 2018, **Columbus** will depart London (Tilbury) and embark on a 121-nights Round the World journey. The purpose built ocean cruiser will undertake a spectacular itinerary, travelling through the iconic Panama Canal before visiting French Polynesia, New Zealand, Australia, Magical Far East, India, Egypt and Jordan before the Suez Canal leads **Columbus** to the Mediterranean homeward bound, cruising through Greece and Malta, arriving into London (Tilbury) on 6 May, 2018.

► highlights

- **DARWIN** – A modern city with sparkling buildings and broad streets. Its fortunes are built on the sugar and fruits from the plantations and forests, which enfold the city. Study Aboriginal art and pearl fishing in the city's museums.
- **MANILA**– A teeming metropolis, with huge tower blocks crowding the few examples of colonial architecture that survived the bombing of the city during WWII. More adventurous will discover its friendliness and charm.
- **SHANGHAI** – From the architectural landmarks lining the Bund and the rickety charm of the Old Town to the leafy backstreets of the former French Concession, Shanghai is a city that just begs for wandering and eating.
- **HONG KONG** – A complexity that defies definition. It's the only place to search for colonial military relics near the Chinese border, lunching with a Buddhist at a Sikh temple, trying to decipher the aesthetics of Chinese Revival architecture, or splurging on a set of knives.
- **HO CHI MINH CITY** – A city of energy and discovery, and a high-octane city of commerce and culture that has driven the country forward with its pulsating energy. From the classiest of restaurants to the tastiest of street stalls, the choicest of boutiques to the scrum of the markets.

- **KOMODO** – Spectacular Komodo, home to the infamous Komodo dragon, has well maintained paths and treks that, with the help of a guide (essential), will allow you to explore the island and see the Komodo dragon thriving in its own habitat. The guides have great knowledge of the dragons and the island's flora and fauna.
- **COLOMBO** – Colombo is rapidly emerging as a must-see stop in Sri Lanka. Colombo's cosmopolitan side supports ever-more stylish eateries, galleries and museums. Surprises abound in its old quarters where you can find great local food and discover a characterful shop or tiny, convivial cafe.
- **MUMBAI** – Full of dreamers and hard-labourers, starlets and gangsters, stray dogs and exotic birds, artists and servants and fisherfolk and millionaires and lots and lots of people. It has India's most prolific film industry, some of Asia's biggest slums and the largest tropical forest in an urban zone.

Highlights may be subject to pre-registering specific shore excursions and are subject to operation and weather conditions.
